

CHRISTINE ASUNCION

AUTOMATION STRATEGIST | DATA ANALYST | QA LEAD | VIRTUAL/ADMIN ASSISTANT | BOOKKEEPING SUPPORT

 Angeles City, Pampanga  christine.vital1129@gmail.com  +63 9175387457  linkedin.com/in/tin-a-5b74a0234/

Detail-oriented professional with a background in automation strategy, data analytics, QA leadership, administrative support, and bookkeeping assistance. Experienced in optimizing processes, managing data, ensuring quality standards, and providing reliable virtual support to help teams operate efficiently.

AREA OF EXPERTISE

- Automation Strategy
- Data Analysis
- Workflow Optimization & Process Documentation
- Bookkeeping Support
- Data Annotation & Labelling
- Administrative Support
- Reporting & Data Management
- Quality Assurance
- Virtual Assistance

TOOLS & PLATFORMS

Automation & Development:

- Google AppScript (JavaScript), TypeScript (Coda), HTML/CSS, API Integrations

Data & Analytics:

- SQL (Basic), Metabase (Basic), Data Labeling Platforms, Data Reporting & Analysis

Productivity & Collaboration:

- Google Workspace, Microsoft 365, Slack, Coda, Documentation & Reporting Tools

Design & Visualization Tools:

- Canva (Basic), Lucidchart, Figma, Dashboard & Presentation Tools

CRM & Operations:

- GoHighLevel (GHL) (Basic), Calendar Management Tools, Project & Task Management Platforms

Accounting & Bookkeeping:

- Xero, QuickBooks

AI & Productivity Tools:

- GPT-based tools for documentation, research, summarization, and communication support

KEY ACHIEVEMENTS

- **Workflow Automation.** Optimized operational workflows by automating repetitive tasks and integrating APIs and JSON across Slack, Coda, Metabase, and Google tools, reducing manual effort by up to 50% and improving team efficiency.
- **AI Data Quality Improvement.** Enhanced AI model performance through rigorous QA testing and precise data annotation, ensuring higher data accuracy and more reliable model outputs.
- **Operational Productivity.** Streamlined team collaboration by leveraging Google Workspace and custom AppScripts to automate reporting, task tracking, and documentation processes.
- **Custom Automation Development.** Built scalable automation solutions using AppScript (JavaScript), HTML/CSS, and TypeScript to support operational workflows and reduce time spent on manual processes.
- **Executive Documentation Support.** Utilized GPT tools to draft, summarize, and refine business communications and reports, saving executives significant time on documentation and reporting tasks.
- **Calendar & Stakeholder Coordination.** Managed complex scheduling and coordinated stakeholders across multiple time zones to ensure smooth project alignment and efficient communication.
- **Administrative Operations Support.** Provided virtual administrative support, including email management, document preparation, research, and task coordination for executives and operational teams.
- **Event & Documentation Management.** Organized events, prepared presentations, and developed structured documentation to support executive decision-making and stakeholder engagement.
- **Technical Operations Support.** Configured internal systems and resolved operational or technical issues quickly, maintaining workflow continuity and minimizing downtime.
- **Data Insights & Reporting.** Delivered actionable insights through data analysis and SQL-based reporting to support operational improvements and data-driven decision-making.
- **Lead Generation & Project Coordination.** Supported business growth through research, lead generation, and project tracking to keep initiatives organized and on schedule.
- **Continuous Technology Adoption.** Quickly adapted to new tools and technologies, maintaining a strong focus on automation, efficiency, and operational improvement.
- **Basic CRM & Bookkeeping Training.** Completed foundational training in GoHighLevel CRM, Xero, and QuickBooks to support CRM management, financial record tracking, and administrative operations.

PROFESSIONAL EXPERIENCE

Automation Strategist Expert, Pareto AI

Mar 2025 - Feb 2026

- Designed and implemented automation workflows that reduced manual tasks by 50%.
- Integrated APIs (Slack, Coda, Metabase, etc.) to streamline reporting and team communication.
- Trained team members on automation best practices, improving adoption rates by 50%.

Lead Analyst / QA Analyst, Pareto AI

Sept 2023 - Feb 2025

- Led a team ensuring data accuracy and system reliability.
- Developed QA protocols that decreased reporting errors by 50%.
- Conducted detailed QA reviews of AI training data and annotations created by subject-matter experts, while also performing precise labeling and annotation for multiple AI tools requiring high accuracy.
- Collaborated with cross-functional teams to enhance project delivery timelines.

Data Analyst / Virtual Assistant, Pareto AI

Mar 2022 - Aug 2023

- Conducted in-depth data analysis to support business decision-making and provide actionable insights.
- Built dashboards and reports that improved visibility into KPIs and operational metrics.
- Identified trends and recommended improvements, contributing to a 20% increase in operational efficiency.
- Performed detailed AI labeling and annotation for general datasets, reviewed expert-generated labels, and ensured high-quality inputs for machine learning models.
- Handled sensitive medical data, performing high-accuracy data entry and quality assurance tasks while adhering to HIPAA compliance standards.
- Conducted research and lead generation for multiple clients, supporting business development and outreach initiatives.
- Assisted with calendar coordination, documentation, email management, and task organization to ensure smooth operations for remote teams.
- Completed data entry tasks requiring meticulous attention to detail, maintaining integrity across reports and databases.
- Completed HIPAA training, GoHighLevel (GHL) CRM, and basic bookkeeping using Xero and QuickBooks.

Teacher I, DepEd Angeles City

June 2011 - Feb 2016

- Delivered engaging lessons and facilitated learning for students, implementing the DepEd curriculum standards.
- Developed instructional materials, assessed student performance, and maintained accurate records. Supported classroom management and fostered a positive, inclusive learning environment.
- Collaborated with colleagues, parents, and the school community to enhance student outcomes.

EDUCATION

Bachelor of Elementary Education

June 2005 - Mar 2009

Holy Angel University

- Major in General Education

ADDITIONAL INFORMATION

- **Languages:** English, Filipino
- **Certifications:** Licensed Professional Teacher
